## YOU'VE BEEN HIT!

The air is hot, little rain will fall...  
the summer season is here for all.  
Your neighbors are looking for things to do...  
in fact, a neighbor brought this to you.  
On your front door is where it should hang...  
to help ward off summer's hot pangs.  
The things that came with coupled note...  
are yours to keep, enjoy them both.  
The fun begins when friends like you...  
will copy this note and make it TWO.  
Along with this note, add a fun water fight...  
then deliver to a neighbor, day or night.  
Be sure to add toys that will make a splash...  
So they can have a fun water fight bash!  
On your window or door the note must sit,  
or you might find yourself twice hit.  
Please join in the fun, let's really share it...  
by spreading some fun summer spirit
